

Culture Connections & Curation for the Curious

IMPACT YOUR WORLD

Empowering ways to take control of your learning

SOCIAL PEDAGOGY

is a holistic way of working with people, across the life course, within in a range of different settings. provides a core set of values that guide practice as well as providing a set of concepts and skills to work with. Kibble are embracing and embedding a social pedagogical culture which underpins all aspects of practice and is a foundation for building other skills and knowledge.

- Strength based
- Compassion
- Relational
- Attunement
- Language
- Creative
- Holistic
- Hope
- Choice
- Pathways
- Difference
- Having a voice
- Way of thinking
- Learning together

Learn it

Why do you do what you do?
What do you know about what you do?
How do we do better?

‘Learning is an important aspect for me in Social Pedagogy. For learning to take place you need to have the correct support and environment, but also enough space to learn. A plant can only grow so big in a small pot.’
